

1    **Abstract of Disclosure**

2    A simple and robust collapsible toolkit is disclosed. The collapsible  
3    toolkit includes a first frame, a second frame connected with the first  
4    frame and at least one tool of a first type pivotally connected with the first  
5    frame between a collapsed position in the first frame and an extended  
6    position outside the first frame.
